

Screening, Treatment and Education Facilities

Screening is a face-to-face interview that lasts between 30 minutes and three hours and is conducted by a behavioral health professional or a behavioral health technician. The behavioral health professional or technician must administer at least one standardized test for measuring alcohol dependency or substance abuse.

Treatment is based upon the information and results obtained from the DUI screening agency or referring court. Treatment includes 16 hours of DUI education and at least 20 hours of group counseling and is provided by a behavioral health professional or behavioral health technician.

Education is provided in a classroom setting. Education consists of at least 16 hours in the classroom setting and is provided by a behavioral health professional or behavioral health technician.

***** Participation in self-help group or peer support program, such as Alcoholics Anonymous or Narcotics Anonymous, is not DUI treatment and does not count toward required hours in DUI treatment.*****

***** This listing only identifies the counselor/facilities that are electronically reporting to Motor Vehicle Division.**
